

BREEDERS

Following is a list of breeders who are members of the Bernese Mountain Dog Clubs of Greater Seattle and Oregon. It is the sole responsibility of each individual breeder to follow a code of conduct since the clubs do not inspect or otherwise approve the breeding practices of any particular breeder. If you are interested in buying a puppy, it is your responsibility to get the information you need to make that decision.

The Bernese Mountain Dog Clubs of Greater Seattle and Oregon DO NOT endorse, inspect, guarantee, or otherwise approve any particular breeder(s). The BMDCCS and BMDCO are providing this list to help educate the public as they attempt to locate a breeder. This is not a comprehensive list, but only those breeders who chose to respond to our request for information. The information provided on this list is based on the information we received from the breeders. Please verify that information when you contact the Breeder.

The listing below is alphabetical. We recommend that you talk to and visit as many breeders as possible to find the one that is right for you. If these breeders do not currently have puppies or litters planned in the near future, they will likely refer you to other breeders who do.
